

ALLIES BACK DOWN ON DEMAND FOR EXTRADITION OF EX-KAISER

THE HAGUE, Feb. 16.—The latest former monarch he sent, perhaps, to an offer, actually to intern Wilhelm in Holland, it is pointed out in diplomatic quarters, is anxious to meet any request of the allies which is compatible with her own dignity and does not conflict with the nation's laws and traditions of long standing. More than anything else, as far as can be learned, the Kaiser desires to be a close the issue, where the presence of the former emperor, which has been a thorn in his side since the Hohenzollerns sought refuge here in 1918.

Holland's shoulders the responsibility for keeping him there. They point to the Kaiser as being a particularly dangerous place to intern him, as the village is not near any large city and the house which the ex-emperor has bought is so placed as to be easily guarded and it is somewhat further from the German frontier than Amsterdam, where the former emperor is now living.

FIUME NOTE SENT DESPITE WILSON'S OBJECTIONS

"No Secret Pact With Britain On German Ships"-Wilson; Bids Received For Vessels

WASHINGTON, D. C., Feb. 16.—Despite protests voiced in the senate and elsewhere and court proceedings designed to stay the action the shipping board today received bids for the former German liners.

When the ships were first offered by groups in the services in which the board had planned originally to operate them, no bids were received, but spirited bidding developed later for individual vessels or selected groups to run in specified services.

While the bidding was in progress these developments came:

Associate Justice Bailey, of the district supreme court, took under advisement the application of William Randolph Hearst, of New York, for an injunction to stop the sale of the vessels. He will give a decision Friday.

While House officials announced that President Wilson would inform the senate that there was "no basis for reports" that there was an agreement between the shipping board and British interests for the sale of the vessels, information as to this report is asked in a resolution by Senator Brandegee, Republican, Connecticut.

The shipping board was also requested today by the senate to defer sale of the German ships for which bids have been submitted until some definite action is taken on the subject.

Just before the White House announcement was made the public announced at which bids for the ships were received, begun at the shipping board with representatives of more than a dozen of shipping companies present.

Payne Summoned Before Court

Chairman Payne was unable to come to the auction as he had been summoned to appear in person in the district supreme court in proceedings brought by William Randolph Hearst of New York, for an injunction to stop the sale. Commissioner Thomas A. Scott acted for him.

In opening the auction, Mr. Scott read a memorandum from Chairman Payne, which said the highest bids would have to be approved by the senate commerce committee and the house committee on navigation and that the outcome of any bids would depend upon the outcome of the injunction proceedings in the district court.

The memorandum said these proceedings were expected to be concluded within two or three days, but that in any event checks received with the bids would be returned by Saturday if the bids were not consummated.

Must Operate Under U. S. Flag

Commissioner Scott said the terms of the sale would be arranged to suit the convenience of the board and the prospective purchasers and that all ships sold must be operated under the American flag.

The first vessels offered were the Black Arrow, the Amphion, and the Philippine, comprising the group of the Black Sea service. No bids were offered for them.

The group comprising the South American service, the Archon, Delphinus, and the American, was also offered. No bids were received for these vessels.

No bids were received for these vessels, but the board said it was expected that the bids would be returned by Saturday if the bids were not consummated.

Must Operate Under U. S. Flag

Commissioner Scott said the terms of the sale would be arranged to suit the convenience of the board and the prospective purchasers and that all ships sold must be operated under the American flag.

ADVENTURER'S SHIPS CAPTURE TRANSPORT

FIUME, Sunday, Feb. 15.—Two war vessels attached to the forces of Captain Gabriele D'Annunzio have captured an Italian transport having on board 1,000 regular troops in the Gulf of Lucerno, southwest of this city.

TO PERMIT THE SULTAN TO REMAIN IN CONSTANTINOPLE

LONDON, Feb. 16.—Reports printed in Paris to the effect the supreme council decided on Saturday that the sultan and the Turkish government would remain in Constantinople, but under stringent international control of the Dardanelles, coincides with information gathered here. This, however, is unofficial and has not been confirmed.

Engines Freeze Up

COLEMBUS, O., Feb. 16.—Traffic over the Pennsylvania lines through Columbus, had been restored practically to normal early this forenoon after a tie-up of several hours, said by railroad officials to have been due to 63 engines freezing up owing to cold weather. Officials, denied the trouble had been caused by a strike of shopmen in the round house last night as was first reported.

Extra crews, they stated, had been put to work early today thawing out the frozen engines and service was being rapidly restored.

PRESIDENT DENIES MAKING THREAT THAT U. S. WOULD IGNORE EUROPEAN AFFAIRS

WASHINGTON, D. C., Feb. 16.—The president today, the Lloyd George plan to diverge from the memorandum drawn up at London last December by Premier Clemenceau and Lloyd George and with the collaboration of the American representative.

Here is the penalty: The president gives it to be understood that if the allied powers settle the Adriatic problems without consulting the United States government, the United States will find it impossible to concern itself in European affairs.

The memorandum was immediately examined by the chiefs of the allied governments before the French premier left London for Paris this morning.

Italians Disturbed

Italian circles in London are reported to be greatly disturbed over the note sent by President Wilson to the supreme allied council. In a session there, disapproving of the proposed compromise by which it was hoped the Adriatic question might be settled.

Premier Millerand has explained the reported negotiations between France and Jugoslavia last fall by which, it is said, a community of interests between the two countries would be recognized. In the Adriatic according to London, Millerand to the Journal, "It is said, however, that the French government is in a position to make the Adriatic problem."

VIRGINIAN IS NAMED FOR COMMISSION

WASHINGTON, D. C., Feb. 16.—John Garland Pollard, of Virginia, has been selected by President Wilson as a member of the federal trade commission.

Mr. Pollard, who formerly was attorney general of Virginia, will succeed Joseph E. Davies, who resigned to make the race for senator in Wisconsin against Senator Lenroot.

Mr. Pollard is a native of Virginia, and is 49 years old.

COLD SNAP WILL BE OF SHORT DURATION

WASHINGTON, D. C., Feb. 16.—Another cold wave gripped the eastern portion of the country today, the cold wave extending from Canada to the Gulf and from the Atlantic to the Mississippi river. At the weather bureau it was said that the cold snap would be of short duration, however. The forecast predicted that temperature would begin to moderate tonight in the Ohio valley and the upper lake region and would continue to moderate in those districts and in the mid and middle Atlantic states Tuesday. Near freezing temperatures were registered along the Gulf coast as far west as the Mississippi river this morning with killing frosts in northern Florida and Georgia. In the middle Atlantic, middle western and New England states thermometers registered well below freezing point and in some places below zero.

The cold snap was not as severe as some which have gone before it this winter, according to weather bureau officials, but it was accompanied by general high winds which added to the general discomfort.

HINES CALLS CONFERENCE OF OPERATORS

WASHINGTON, D. C., Feb. 16.—Director General Hines today telegraphed T. Dewitt Cuyler, New York, chairman of the Association of Railroad Executives, asking him to designate a committee to meet here for conference with railroad administration officials on "railroad wage questions and related subjects." The request was understood to have been made at the suggestion of President Wilson.

STRIKE AT OVERLAND PLANT IS ENDED

TOLEDO, O., Feb. 16.—The controvery, which has existed since early summer between Overland and the Willis-Overland Company, was officially ended today by a settlement. The settlement was reached after a meeting of a meeting of workers, many of whom have avoided the plant, are now free to re-enter the company's employ.

Union men, in a statement issued today, said the dispute was formally ended because of the action of Federal Judge Hines in ordering picketing discontinued. The unions have protested this action, but contend that, since it will take at least six months to get a decision from a higher court, it would be an injustice to union members to keep them from returning to the plant.

In ordering a discontinuance of picketing Judge Hines held that the controvery had really ended and there was no reason for the maintenance of picket lines.

The beginning of the controvery, which involved wages and working hours, was marked by rioting and two men were killed when returned soldiers, acting as guards, fired into a crowd.

When the trouble started unions claimed 10,000 workers quit. The company today announced that 15,000 are at work at the plant.

ADRIATIC IN A HEAVY GALE

BOSTON, Feb. 16.—The shipping board today received a report that the Adriatic was in a heavy gale about 1000 miles east of New York, expected to last today from the ship Elmore, also a shipping board vessel, according to radio messages intercepted here.

Captain Galt, of the crippled steamer, said the tubes in all three boilers had blown out and the vessel would have to be towed to Italy for repairs. She was bound from Galles, Ion to 11 yrs.

THE YOUNG LADY ACROSS THE WAY

One bid for one of the Black Sea fleet was received. It was \$700,000 for the Black Arrow and was made by the Oriental Navigation Company with the understanding that the vessel would be retained in the Black Sea service.

Commissioner Scott stated that the board would insist upon assurances that vessels would remain permanently in the service planned by the board, but he admitted that the board could not place permanent restrictions on the use of the craft.

P. A. S. Franklin, president of the international mercantile marine, offered a conditional bid of \$1,000,000 for nine vessels for service to the United Kingdom and northern European ports.

AMERICAN IS HELD A PRISONER BY MEXICAN BANDITS

WASHINGTON, D. C., Feb. 16.—Wilson Welsh Adams, an American, has been captured by bandits in Zacatecas, Mexico, and is being held for \$50,000 ransom, the state department was advised today.

Adams' home is in Los Angeles where his wife and child now live. The American embassy at Mexico City has been instructed by the state department to bring the kidnapping to the attention of the Mexican authorities with the request that every step be taken to secure Adams' release. The American representatives at Saltillo and Monterrey in reporting the incident said the authorities in Zacatecas were endeavoring to learn the whereabouts of Adams and his captors and that three columns of Mexican troops had been sent out.

The kidnapping occurred at Avilas last Friday and the bandits were reported to have looted the warehouse of the Providencia mine, operated by the Minerales and Metales Company, an American concern.

Adams was superintendent of the mine.

TEMPERATURE NEAR ZERO

CLEVELAND, Feb. 16.—With the thermometer registering one degree below zero this morning and a cold wind blowing from the north, winter weather was in full swing today. The wind chill factor was 15 below zero.

The New York Central lines was badly delayed according to company officials. Heavy snows east of Ashland, Ohio, and Erie, Pennsylvania, delayed all passenger and freight trains from the east from 5 to 10 hours and crippled telephone and telegraph service. Pennsylvania railroad company officials report all trains del. ped.

Controversy Is Nearing Finale

WASHINGTON, D. C., Feb. 16.—Senator Thomas, Democrat, of Colorado, with ratification or rejection dependent almost wholly on whether 64 senators can reach an agreement on a resolution to Article 10 of the League of Nations covenant, the peace treaty controversy today drew nearer a close. Opinion still was divided as to the possibility of a compromise on this point. It was announced that the debate would be held in the senate chamber on Tuesday. The reservation compromises as tested a week ago to formally call up the treaty today for further debate. A formal bipartisan committee composed of senators of both sides had been appointed to study the reservation compromises. Among them were: Senators Thomas, of Colorado, and Clegg, of Ohio, were being carried on.

OHIO PASTORS IN SESSION

COLUMBUS, O., Feb. 16.—Ministers from every part of Ohio, representing 13 Protestant denominations, are gathering here today for a three days' meeting held as part of the inter-church world movement.

It was expected early today that at least 300 pastors from Ohio would be present when the first meeting is called at 2 o'clock this afternoon, when a short devotional exercise will be held. A woman's meeting which will bring prominent church women from all parts of the state, will be held in conjunction with the pastors' conference. Among the topics to be discussed during the gathering here will be foreign missions, the home survey and evangelism.

BUFFALO IS HIT BY COLD SPELL

BUFFALO, N. Y., Feb. 16.—Railroad trains and electric car systems were today slowly breaking through the snow drifts piled up yesterday when a six inch fall of snow was accompanied by a 35 mile an hour gale and temperature near the zero mark. Trains from east, west and south were delayed. Traffic on interurban electric lines was suspended for more than 24 hours.

One of the worst features of the storm was that it came on the heels of a thaw. Snow soon turned to ice and rail cars and sign systems were crippled. The railroads today advertised for 1,000 extra men to help clear the yards.

NEW BOSTON VISITED BY BAD FIRE; AN ARREST IS MADE

New Boston was visited by one of the worst fires in months this morning at 1:28 o'clock, when the one-story frame structure on Gallia street, just west of Park avenue, known as the Clerley building, was wiped out.

It was occupied by J. B. Flannery, with a grocery and J. L. Phillips with a meat market. While the ruins were still smoking, J. B. Flannery was placed under arrest on a charge of complicity in connection with the burning of the building.

Extra Deputy Marshal Al Hestig reporting to Marshal W. I. Davis that he had seen Flannery in the grocery store about ten minutes before the fire was discovered.

According to Hestig he passed the store and noticed Flannery in the building and that he had just reached the grocery store about three squares away when the fire alarm was given. On account of Flannery's presence in the building so soon before the fire was discovered, the officers claim suspicion pointed towards the man and placed him under arrest. He was in jail yet this morning.

According to Mrs. Flannery, her husband was home in bed asleep when the alarm was turned in.

The one-story frame structure was soon wiped out; the grocery stock and meat being quickly consumed. Much hay and chopped feed stored in the rear of the grocery, added fuel to the flames.

The New Boston fire truck was soon on the scene, but firemen William Freeman and the several men with him could do but little, lack of help preventing them from getting in their best work. The East End fire truck was called to the scene but their help was hardly needed as the fire had burned itself out.

Flannery formerly owned the meat market and grocery, going into the business in January, 1919, when he bought the place from J. L. Phillips in December, 1919. Flannery sold the meat market back to Phillips.

The latter does not deny his presence in the store this Sunday night, his wife being with him until nine o'clock, the two working all day to replace the stock. His wife went home at nine o'clock and Flannery claims he went home about midnight. A small gas stove was left burning in the store and he claims the fire must have started from it.

The two-story brick building on the west of the destroyed structure, was slightly damaged, the intense heat causing plastering to fall in the downstairs business room.

The loss to the building and stock is estimated at \$5,000. The Clerley Realty Company carried insurance on their building.

GAS PRESSURE LOW; CITY SHIVERS

Portsmouth shivered Sunday, the result of a low gas pressure. At the office of the Portsmouth Gas Company this morning it was stated that there had been no break in the gas line at any point, and the weak pressure was due to the big demand for gas following a sudden and sharp decline in the temperature. The pressure began to rise about 11 a. m. but was weak again this morning.

The Y-2 Now In Operation On This Division Of N. & W.

The Columbus Dispatch of local importance said: "How would you like to have the engines of the largest locomotive power, that rolls into Columbus? The 'Y-2'—which puffed into Columbus over the Norfolk and Western yesterday with nearly 100 coal cars, returned to Portsmouth from Columbus this morning. The engine is 10 feet and 10 1/2 inches long, weighs approximately 230 pounds and has a steam pressure of 220 lbs. per sq. in. It is capable of hauling 1000 tons of freight and is the largest engine ever built in the United States. It is the 'Y-2' doesn't require any of the repairs which are much larger than the average-sized locomotives, are only 48 feet and 7 1/2 inches long and are about 25 tons lighter. The 'Y-2' also carries about 30 pounds less steam pressure and has a full of approximately 4,500 tons. The majority of freight engines are not over 75 feet long and weigh about 100 tons.

Red Cross Drive Continued

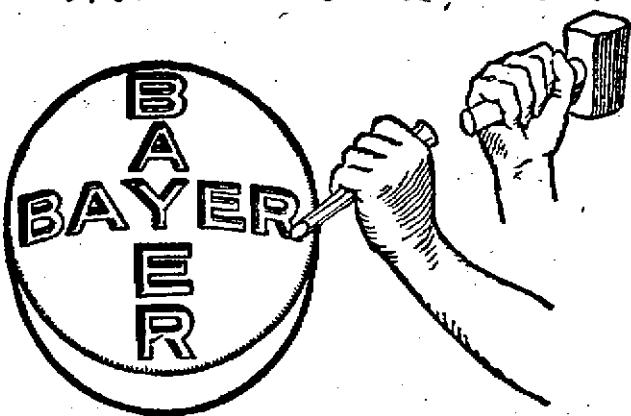

All this week the Red Cross members drive will continue in the city and county.

The committee in charge decided Saturday that the drive would be continued indefinitely, the one week campaign not being long enough to enroll the needed number of members.

The drive this year has been greatly hampered by the prevailing epidemic of sickness and on account of this fact it will continue until the desired results are obtained.

Drowned

ASHLAND, Feb. 16.—An accident with a tragic ending took place on the river at the coal landing yesterday at the foot of Eighth Street when a young deckhand, known as Gustav Leuk, about 18 years of age, was drowned.

Leuk was hired at Cincinnati to work carrying freight on the up trip of the Chris Greene. The boat stopped at the coal landing at the west end of Ashland to lay in a supply sufficient for the round trip.

A lot of the coal was piled on the outside of the deck nearest the river. The boy had left his coat lying on the coal pile and when the crew had finished loading he walked over the pile to get the garment.

A lump of coal turned under his foot and he fell and rolled off the boards into the river. The other men heard him call and a rope was thrown which struck him on the shoulders but he was unable to catch it and drowned.

HAIR SOON TOO SHORT TO DO UP

A Little "Dandruff" Stops Your Hair Coming Out And Doubles Its Beauty

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of dandruff "Dandruff" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Help your hair to grow strong, thick and long and become soft, glossy and twice as beautiful and abundant.

114 EGGS A DAY NOW INSTEAD OF 25 A DAY

That Means About \$100 Extra Income Per Month for Mrs. Kopp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sauer in the feed, and am now getting 107 to 114 eggs a day. Mrs. Kopp got this increased production a day in the middle of winter. At 60 cents a dozen, 30 days a month, this makes \$108 extra income a month. The Don Sauer for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and will guarantee it will pay you. Here's our offer: Give your hens Don Sauer and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded. Don Sauer (Chickens for one year) works directly on the ovaries, laying the eggs, and is also a scientific tonic. It is easily given in the feed, improves the hen's health, makes her more active in care of her brood, and she has her eggs for a week or so after she has laid them. Try Don Sauer for 30 days and if it doesn't get you the eggs on Saturday, how cold or wet the weather, your money will be refunded by return mail. Get Don Sauer from your favorite poultry supply dealer or send 50 cents for a package he will enclose. Portland, Oregon, 284 Columbia Bldg., Indianapolis, Ind.

ALLIED PREMIERS REJECT WILSON OBJECTIONS TO FIUME TERMS

ALLIES BACK DOWN ON DEMAND FOR EXTRADITION OF EX-KAISER

THE HAGUE, Feb. 16.—The allied note to Holland with regard to the extradition of the former German emperor reverses the original demand for an offer actually to intern Wilhelm at his surrender and only asks for the former monarch to be sent, perhaps, to the Dutch islands in the East Indies, it became known today.

The Associated Press learns on excellent authority that the Dutch government has determined to reply with an offer actually to intern Wilhelm at his surrender and only asks for the former monarch to be sent, perhaps, to the Dutch islands in the East Indies, it became known today.

TO PERMIT THE SULTAN TO REMAIN IN CONSTANTINOPLE

LONDON, Feb. 16.—Reports printed in Paris to the effect the supreme council decided on Saturday that the sultan and the Turkish government would remain in Constantinople, but under stringent international control of the Dardanelles, coincides with information gathered here. This, however, is unofficial and has not been confirmed.

WILSON THREATENS TO WITHDRAW U. S. INTEREST IN EUROPEAN AFFAIRS

PARIS, Feb. 16.—Prompt rejection of President Wilson's objections to the compromise plan by which England, France and Italy hoped to settle with Yugoslavia questions relative to the future status of the eastern coast of the Adriatic is reported in the Echo de Paris. Premiers Lloyd George of Great Britain and Millerand of France drafted the reply to the American chief executive and insisted Yugoslavia must agree to the compromise with the alternative of seeing the treaty of London become operative, it is said.

At the same time the premier's reply was sent to Washington, the foreign minister of Yugoslavia was notified the compromise of the British and French governments had not altered by the seemingly unexpected action of Mr. Wilson.

Hugh C. Wallace, the American ambassador, yesterday delivered to the foreign office a memorandum from President Wilson, according to the Temps, in which the President said he could not approve of Premier Lloyd George's proposed settlement of the Adriatic question, which has been submitted to the Yugoslavs.

The newspaper says that an identical memorandum was delivered to the British foreign office in London.

Criticism—Lloyd George. The Temps says President Wilson allowed it to be understood that the United States would not continue to continue in conference if the allies settled the Adriatic question without consulting the United States.

In his memorandum, President Wilson criticizes Premier Lloyd George's plan as communicated to the Yugoslavs by the supreme council on January 20. The president examined the plan, but declares he cannot approve of its terms. He particularly opposes the idea which consists of giving the Yugoslavs the choice between this plan and execution pure and simple of the London pact.

In addition, according to the Temps, the president finds the Lloyd George plan too divergent from the memorandum drawn up at London last December by Premier Clemenceau and Lloyd George and with the collaboration of the American representative.

Here is The Penalty. The president gives it to be understood that if the allied powers settle the Adriatic problems without consulting the United States government, the United States will find it impossible to concern itself in European affairs.

The memorandum was immediately examined by the chiefs of the allied governments before the French premier left London for Paris this morning.

Italianes Disturbed. Italian circles in London are reported to be greatly disturbed over the note sent by President Wilson to the supreme allied council, in session there, disapproving of the proposed compromise by which it was hoped the Adriatic question might be settled.

Premier Millerand has explained the reported negotiations between France and Yugoslavia last fall by which, it is said, a community of interests between the two countries would be recognized in the Adriatic according to London advice to the journal. It is said members of the supreme council are satisfied with the statement made by the French premier.

Newspaper Suppressed. Premier Nitti, of Italy, is reported to have ordered the suppression of the newspaper responsible for the first publication of the crisis.

While not connected with the situation resulting from the Wilson note, a cabinet crisis has arisen in Belgrade, Yugoslavia, assigned yesterday, the announcement stating this step was the sequel of the refusal of Prince Regent Alexander to dissolve the present provisional parliament and call for the

No Basis For Report Of Secret Agreement With Britain On German Ships

WASHINGTON, Feb. 16.—President Wilson will inform the senate emphatically that "there is no basis" for the report of a secret agreement between the shipping board and the British interests for the sale of the 20 former German passenger liners it was announced today at the White House.

TO RECEIVE BIDS FOR GERMAN VESSELS

WASHINGTON, D. C., Feb. 16.—With ratification or rejection depending almost wholly on whether 64 senators can reach an agreement on a reservation to Article 19 of the League of Nations covenant, the peace treaty controversy today drew nearer a finale. Opinion still was divided as to the possibility of a compromise on this issue, but as to other points in dispute, belief was general that no serious trouble in reaching an agreement would be encountered.

In accordance with the agreement reached a week ago to formally call up the treaty today for further debate, a number of senators of both sides had prepared speeches. Among them were

Senator Thomas, Democrat, of Colorado, and Senator McCormick, Republican, Illinois, both listed as irreconcilable opponents of ratification. The latter announced he would speak today and the former tomorrow.

While the discussion is proceeding on the floor the negotiations for compromise on reservations will be conducted. Leaders announced they would endeavor to hold the debate within reasonable bounds in order that actual consideration of reservations may be taken up within a few days.

The reservation compromises as tentatively agreed upon in the recent formal bipartisan committee conferences are the basis on which the negotiations today were being carried on.

ADVENTURER'S SHIPS CAPTURE TRANSPORT AND ALSO 1,000 TROOPS

FIUME, Sunday, Feb. 15.—Two war vessels attached to the forces of Captain Gabriele D'Annunzio have captured an Italian transport bearing on board 1,000 regular troops in the Gulf of Lucca, southwest of this city.

Judge Miller Passes Away. Judge Hilborn C. Miller, aged 70, for many years an influential citizen of Jackson passed away here Sunday. Three weeks ago he suffered a fractured hip in a fall on an icy sidewalk and this injury ultimately resulted in his death. Judge Miller, who was well known throughout Southern Ohio, was the father of Mrs. H. A. Lloyd of Fifth street this city. Mr. and Mrs. Lloyd and son, John, left today for Jackson to attend the funeral services of the late Judge Miller.

Has Taken New Job. Friends of Ernest (Pat) Kelly will be interested to learn that he has decided to return to the River City and will take the road for the Davis Drug company.

William Brandel will be the new head of this company, succeeding his brother, the late John Brandel, who died last Thursday at his home on Franklin avenue.

To Return This Week. George D. Bender, who has been in Chicago for sometime, will return home this week.

Taking Inventory. Six Strains and force of clerks are busy taking the annual inventory at Mr. Strain's Dependable Store.

ADRIATIC IN A HEAVY GALE

BOSTON, Feb. 16.—The shipping board steamer Red Mountain, disabled and adrift in a heavy gale about 100 miles east of New York, expected assistance today from the steamship Elmport, also a shipping board vessel, according to radio messages intercepted here.

Captain Gott, of the crippled steamer, said the tubes in all three boilers had blown out and the vessel would have to be towed to Halifax for repairs. She was bound from Galveston to Havre.

OPENING STOCKS

NEW YORK, Feb. 16.—Stocks were heavy at the outset of today's session, heavy over the week-end, provoking renewed selling. Oils and Motors were first to yield, followed by shippings and equipments. Weakest features included Mexican Petroleum, Texas Co., Middle States, General Motors, Stridebaker, Atlantic Gulf, Crucible Steel, and Baldwin Locomotive, in which initial losses extended from 1 to 5 1/2 points. Declines were generally increased within the first half hour. General Motors showing an extreme loss of almost 10 points, with further reversals in steel.

OHIO—Generally fair and quite so cold tonight and Tuesday.

BUFFALO IS HIT BY COLD SPELL

BUFFALO, N. Y., Feb. 16.—Railroad trains and electric car systems were today slowly breaking thru the snow drifts piled up yesterday when a six-inch fall of snow was accompanied by a 58 mile an hour gale and temperature near the zero mark. Trains from east, west and south were many hours late and many had been cancelled. Traffic on interurban electric lines was suspended for more than 24 hours.

One of the worst features of the storm was that it came on the heels of a thaw. Slush soon turned to ice and switches and signal systems were crippled. The railroads today alerted for 1,000 extra men to help clear the yards.

TEMPERATURE NEAR ZERO

CLEVELAND, Feb. 16.—With the thermometer registering one degree below zero this morning and a 35 mile wind filling snow in deep drifts, west bound passenger and freight traffic on the New York Central lines was badly delayed, according to company officials. Heavy snow east of Ashabula, Ohio, and Erie Pennsylvania, delayed all passenger and freight trains from the east from 8 to 10 hours and crippled telephone and telegraph service. Pennsylvania railroad company officials report all trains delayed.

On Sad Errand. John A. Lloyd of the Times staff is in Jackson where he was called on the death of his grandfather, the late Judge Hilborn Miller, a prominent citizen of that city.

Taking Inventory. Six Strains and force of clerks are busy taking the annual inventory at Mr. Strain's Dependable Store.

PARIS PRESS ACCUSES WILSON OF AUTOCRACY

PARIS, Feb. 16.—Although all Paris newspapers gave prominence to Washington dispatches telling of the resignation of Secretary of State Lansing and his correspondence with President Wilson, few have commented editorially on the incident. The news arrived too late for yesterday morning's newspapers, which went to press an hour earlier than usual because of the daylight saving law coming into operation. The Journal calls the event "a striking example of the autocratic regime the friends of which is deniable."

"President Wilson," the newspaper continues, "returns after his mysterious illness, and comes to the conclusion that Secretary Lansing, during his absence, has been ruling as Lansing wished and dismissed him."

"National indignation and popular sentiment are not even concluded in reaching a decision in which Louis XIV would have used more formality. Opposition has existed between Mr. Lansing ever since the latter attended the peace conference. Mr. Lansing was openly blamed for concessions Mr. Wilson was forced to make, and the president's illness alone prevented an outbreak of the conflict between the two. Mr. Wilson's motive in this matter, however, may have been complex."

Is not Mr. Lansing called upon to play the classic role of the scapegoat which assumes the burden of his superior's faults? The choice of a new secretary will give an interesting indication."

Wilson's Actions "Laughable." In its editorial on the incident, the Libre Parole, remarks: "President Wilson, who has governed his country seven years without the least regard for national representation, who threw America into the war after winning the election on a peace program and who dominated over the peace negotiations, returns from a mysterious illness to accuse his foreign minister of governing autocratically during his absence. Isn't that laughable? Mr. Wilson has given the impression for some days that he is preparing to change his coat. Isn't Mr. Lansing's disgrace the first step?"

Huntington High Team Tackles P. H. S. Friday

Another week of real basketball is scheduled for P. H. S. when the local team will meet Huntington III here Friday night and travel to Dartmouth Saturday where they play Steel High of that city. Huntington defeated Portsmouth in the west Virginia floor earlier in the season after having played a five minute extra period to break the tie score. The two teams are about even.

BAESMAN'S SPEEDY TEAM PRAISED

Sunday the Selects basketball team, secured from Charleston with the help of the Barons quintet, of that city, the local winning Saturday night by the big score of 50 to 21.

The Charleston Gazette had the following to say about the game: "The Selects scored a total of 25 field goals while the local Charleston netted only 10. Baesman was the lad who caused the downfall of the Barons. Much had been heard of the Portsmouth team which has been cleaning up everything in the Buckeye State. However, facts here remembered a crack Portsmouth five that the old Barons team defeated by the score of 44 to 11 in 1919 and there was those who maintained that better basketball was played here than in Portsmouth. However, all doubts such as these, were dispelled last night because Portsmouth had everything, the Barons had not. A feature of the game was the clean basket shooting of the visitors. Few field goals touched the hoop and more than half of them were well past the foul lines. In other words the Selects were more deadly on shots fifteen feet away from the basket than they were on those to be 'banged in.' The locals scored as follows, field goals, Baesman, 8; Edwards, 4; Dull, 5; Former, 4; Woods and Kent, 1; foul goals, Edwards 1; Dull 1; Former 2.

Relative to the defeat of the Ironton Hi basketball team at the hands of Sciotoville III, the Irontonians Sunday morning said: Ironton High suffered another defeat Saturday night at the hands of the Sciotoville quintet. Although the Irontonians put up a wonderful fight, and from the first until the final whistle was either team sure of a victory, but the best team won and Ironton was forced to take the short end of the 19 to 15 score. The closeness of the score tells how the Orange and Black fought and lost, but it was an honor to lose to such a

"Sycophant"

Sycophant is from a Greek word which, expressed in English letters, is written, sycophantes, meaning "flatterer." In ancient days democratic Athens passed a law forbidding the reputation of flattery in order to keep down the prices. The law, of course, was evaded, but there were always found mean fellows, who for reward or to win favor with the authorities, informed on exponents. They were called in "sycophantes," as we would say, "sycophants." Hence sycophant came to signify a flatterer, and then a "sycophant."

Father's Day

As 1-20 on the eleventh of December by the Julian calendar then in use in England, the "Patrius" festival in the harbor of Plymouth, which had been celebrated for centuries. They found open ground, broad and wooded, so situated as to be suitable for a settlement and returned to the ship to announce that they had decided to colonize on the coast. When the Gregorian calendar was adopted in England in 1582 the dates between September 2 and 11 were omitted. This brought the date of the landing of the Pilgrims to December 22, which is the day now celebrated as Father's Day.

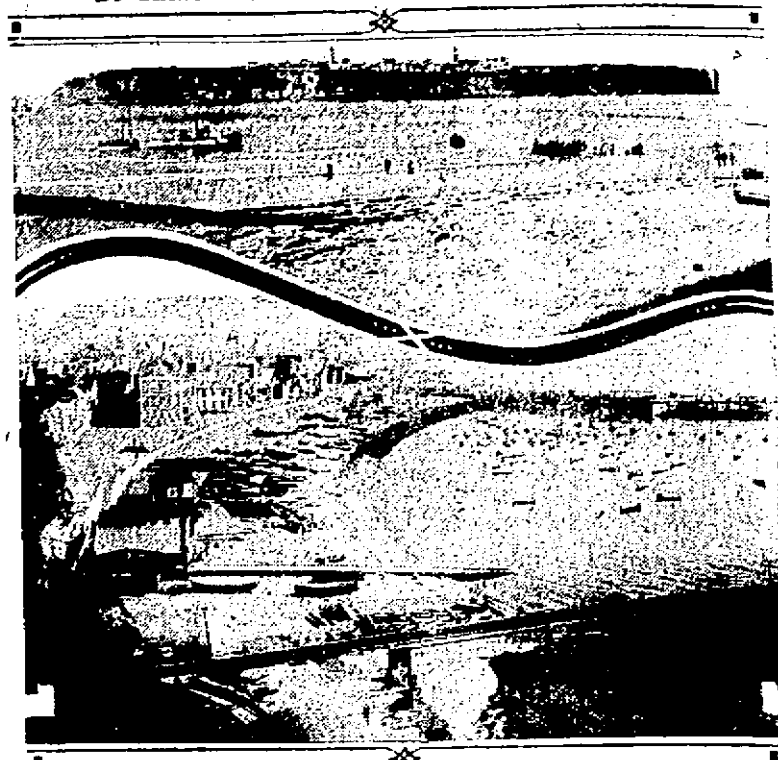

American Weights Weigh

The United States bureau of standards reports that many of the weights submitted by American makers for test have been unsatisfactory. This has caused much great delay and inconvenience that one of its largest departments is already considering the advisability of importing at least those weights which are to be certified by the bureau. Apparently the trouble is mainly due to inconsistent factory inspection.

After four long years of exile, the fishing folk of the island of Helgoland are returning to their homes. They were driven from the island by the Germans and treated almost the same as English prisoners during the war. And now, on their return, they find their homes have been stripped by the German troops which occupied the island. Their furniture and even their stocks of canned goods and wines have been confiscated. But these folk are gladdened by the thought that the island is being rid of its fortifications and that they will be left in the future to live and live their lives in peace.

Birth of a Second. Each new second is heralded by a flash of light and the ring of a bell in the factory of an electrical firm in Providence—not to remind the workers that the dire day of doom approaches, but to help them in their work. Often men must count seconds accurately for certain operations while they watch their work closely. This concentrating on two things at one time is very difficult. It is simplified by the new second-announcer. As the pendulum of the clock swings to the right it touches a wire, thus making a contact that causes the light to flash and the bell to ring.—Popular Science Monthly.

Ninety Sumatran Volcanoes. The Roekit Barisan, a series of mountain ranges running the whole length of the island of Sumatra near the western coast, splits in the north into parallel chains which enclose the broad Karo-Batak plateau and the vast area of Toba lake. In these partially explored ranges there have already been discovered 90 volcanoes, 12 of which are now active, the most destructive and destructive forces of Sumatra's formation.—Mervin A. Hall in the National Geographic Magazine.

Centricities of Genius. Paul Verlaine, a modern French poet, was a genius whose life was passed in alternate stages of religious ecstasy and deplorable excesses. After 1870 he led the traditional bohemian life in Paris, then disappeared for eleven years. In 1881 he appeared in the public eye as a quasi-Catholic with his "Sagesse" poems his best-known work. From this time to his death in 1896 Verlaine remained, except for brief intervals, among the cafes of the Latin quarter, drinking absinthe, composing and writing verse and Symbolist articles.

Richest Territory. The richest 100 square miles of territory in the world, so far as known to mining engineers, is in the Black Hills. This district produces working quantities of nearly every mineral product, from gold to cement.

When Billy did not go to Mike's, it was because, when a couple of men came to make the circus clown laugh and he would stand there, one carrying a table and the other a long black gown of some goat never saw you before."

"Now, he has," said Mike, "but it is just like his cussedness to pretend he don't know me."

"To do along, I can't bother talking to you any more," said the clown, as he left this time Mike had been walking beside the clown as they marched.

"Well, you need not talk to me any more," said Mike, "but I am going to have my goat." And with that he caught hold of Billy's horns and was going to lead him away.

"What in the world are they going to do now," thought Billy.

When they came up to him, the man that was carrying the table put it down and then brought a high-backed arm chair and set it up close to the table. Then the men came to Billy and one of them said: "Now, my fellow, we are going to make professor out of you," and with that they both took hold of him and made him stand on his hind legs with his

A fine luncheon of cold ham and peas and strawberries, nest of the season, and Lord! I did eat. A fellow this day did write me an anonymous letter full of venom, saying my service was puny and the fellow who wrote it was a real swiffober being bought still and of much carrying on against the law.

To my book-sellers and I bespoke three volumes and made bold to buy thirty volumes of an encyclopedia which will keep me paying out money forever and a day. Sam Bernard told me today of a fellow on the avenue wearing ruffles on his trouser legs.

I blame all the eating and a great deal more and I watched the horses fall with great pity and I stand awake to hear the wild howl, now I like, and read from a tale of Poe and so filled with fears that I waked my wife, poor wretch, several times and she was in a pet.

A year or two ago there was a scarcity of lobstermen of the crustacean variety on Broadway, however, plenty of the biped kind may have been seen. Lobster was considered as much of a necessity of the white lights as electric motors and chewing gum signs. But according to a celebrated chef—of New York city and a celebrated one at that—the price of \$80 per cent. What is the answer? Prohibition.

The chef does not undertake to say that a biped lobster has to be stimulated by cocktails and champagne before he will indulge in quasi-ecstasy by devouring his salt water brother, but he cannot explain the totality of the appetite for this scum of the sea food. He merely surmises that the peculiar affinity exists between mullet shell-fish and the "screwed" poor fish who used to be the life some late supper parties.

Here, take your hands off that goat. You are disturbing the procession! Mike held on and the downy gave him a hit in the ribs. Mike struck back and a poleman, who was standing in the crowd, ran out and arrested Mike for disorderly conduct and for stopping the procession. The next morning, the second time that Mike had been arrested, Billy's account:

When the procession returned to the tents, all the animals and horses were fed and allowed to rest so as to be fresh for the afternoon's performance. Billy had been resting only a short

straight a goat could sit on my back."

"Now, Billy, we will let things off and let you rest. The black must be tired, as it has been used to it and will be white. Come back tomorrow and we will give you this for being such a good goat. You behaved so nicely that I thought I would venture to slow you off for tomorrow this afternoon."

(Tomorrow Billy summed himself.)

Making a Distinction
 "The people in your community seem all mixed up in the vote on prohibition."
 "Well," replied Uncle Bill Bottleneck, "some of us highbrows attempt some mighty fine distinctions. We approve prohibition as a theory, but not as a condition."

The Escapade
 "Why do you insist on all these flowers?" inquired a woman charged with housekeeping.
 "To cheer you," exclaimed an aggrieved sentimentalist.
 "But they don't cheer me," said the housewife. "They make me think of funerals."

NEW BOSTON VISITED BY BAD FIRE; AN ARREST IS MADE

TROOPS IN READINESS FOR ANOTHER DASH INTO MEXICO

U. S. troops in Mexico at the time of Pershing's punitive expedition. Relations between Mexico and the United States are strained almost to the breaking point, and many thousands of United States regular troops are stationed along the border in instant readiness for the dash across the international boundary line, should this move be ordered from Washington.

The Y-2 Now In Operation On This Division Of N. & W.

The Columbus Dispatch of local interest Sunday said: "How would you like to have the job of running the largest locomotive that rolls into Columbus? The 'Y-2' which entered Columbus over the Norfolk & Western yesterday with nearly 200 coal cars, returned to Portsmouth later, is the biggest locomotive ever registered in a Columbus round-house. Equipped with all the latest labor-saving devices, including duplex auto-air, the 'Y-2' doesn't require any more manpower to operate than the ordinary locomotive. In fact, these engines are designed to replace manpower."

Committee Fails To Endorse Candidates

ROSTON, O., Feb. 15.—The Republican County Committee held a meeting this afternoon in the auditorium of the court house to consider the matter of endorsing for the election of delegates to the state platform convention to be held in Columbus in June. The committee adopted a resolution providing for the election of six delegates and six alternates from the county at large. These delegates will be elected at the primary to be held on April 27, at which time presidential preference is to be expressed by the voters. The committeemen in attendance and who approved the resolution were as follows: William Gannon, chairman; J. B. Conus, secretary; Charles White, H. Pinkman, Nelson Wilson, Pearl Davidson, John Humphrey, Vesley Sengene, E. L. Singer, Orla Dement, Loren Miller, Harry Winkler, Jacob Hunkworth, William Riddle, Allen H. Kendall, James Bowen, Clayton Henson and Charles Jones, making a clear majority of the thirty-four members of the county committee. The committee did not endorse any state or national candidates, nor does it intend to, for it desires to leave the voters free to express their choice of candidates.

Suit Filed Against N. & W.

ROSTON, O., Feb. 15.—Charles P. Gilliam vs. the Director General of Railways for the N. & W. Monday filed suit in Common Pleas court for \$25,000 damages as the result of injuries received by Robert Gilliam on October 23, 1919. The plaintiff was represented by Attorney Louis Schneider. Gilliam was thrown from the car, on which he was riding and suffered the loss of his right leg and was disabled and out of work for life. It is alleged.

Mr. Chabot Out Of Danger

Continued improvement was reported Monday in the condition of Cecil Chabot, who is ill at his home, 404 North and Walker streets. He is now entirely out of danger, and hopes to be able to sit up a little each day.

Judge Ill; No Court

There was no session of Municipal court this morning, as Judge Herbert L. Small was reported quite ill at his home on Sixth street, and he was unable to be at his office. All cases on the docket were continued until the judge is able to take up his duties on the bench.

New Boston was visited by one of the worst fires in months this morning at 1:30 o'clock, when the one-story frame structure on Gallia street, just west of Park avenue, known as the Bierley building, was wiped out.

It was occupied by J. B. Flannery, with a grocery and J. L. Phillips with a meat market. While the ruins were still smoking, J. B. Flannery was placed under arrest on a charge of suspicion in connection with the burning of the building.

Extra Deputy Marshal Al Hassell, reporting to Marshal W. L. Davis that he had seen Flannery in the grocery store about ten minutes before the fire was discovered.

According to Hassell he passed the store and noticed Flannery in the building and that he had just reached the mayor's office about three squares away when the fire alarm was given. On account of Flannery's presence in the building so soon before the fire was discovered, the officers claim suspicion pointed towards the man and placed him under arrest. He was in jail yet this morning. According to Mrs. Flannery, her husband was home in bed asleep when the alarm was turned in.

The one-story frame structure was soon wiped out, the grocery store and meat being quickly consumed. Much hay and chopped feed stored in the rear of the grocery, added fuel to the fire.

The New Boston fire truck was soon on the scene, but Fireman William Fremont and the several men with him could do but little, lack of help preventing them from getting in their best work. The East End fire truck was called to the scene, but their help was hardly needed as the fire had burned itself out.

Flannery formerly owned the meat market and grocery, going into the business in January, 1919, when he bought the place from J. L. Phillips in December, 1919. Flannery sold the meat market back to Phillips.

The latter does not deny his presence in the store late Sunday night, his wife being with him until nine o'clock, the two working all day to inventory the stock. His wife went home at nine o'clock and Flannery claims he went home about midnight. A small gas stove was left burning in the store and he claims the fire must have started from it.

The two-story brick building on the west of the destroyed structure, was slightly damaged, the intense heat causing plastering to fall in the downstairs business room.

The loss to the building and stock is estimated at \$5,000. The Bierley Realty Company carried insurance on their building.

Hassell will insure you.

Only 28 New Cases Of Flu Are Reported

Advent of real winter has resulted in a big decrease in the number of new influenza and pneumonia cases in Portsmouth.

Only 28 cases of flu and one of pneumonia were reported to Health Commissioner Dr. O. D. Tatje Sunday.

"This is a gratifying improvement and conclusive proof that the backbone of the epidemic has been broken. I am satisfied that the worst is over," Dr. Tatje said Monday.

There have been very few deaths from influenza in the city the past few days and progress of the dread disease apparently has been arrested. A statement of patients and the planning of homes have had a lot to do with stamping out the disease physicians declared Monday.

On Saturday 84 cases of flu and three of pneumonia were reported.

GAS PRESSURE LOW; CITY SHIVERS

Portsmouth shivered Sunday, the result of a low gas pressure.

At the offices of the Portsmouth Gas Company this morning it was stated that there had been no break in the mains at any point and the weak pressure was due to the big demand for gas following a sudden and sharp drop in the temperature. The pressure came almost normal last night, but was weak again this morning.

DEATH VISITS HOME TWICE WITHIN HOUR

Death twice within an hour last night entered the Colegrove home, George's Station, and claimed the mother, Mrs. Jennie Colegrove, and her son, William.

Mrs. Colegrove died at 4:30 and her son at 5:30 yesterday evening. William

aged 18 years, both falling victims to influenza and pneumonia. Mrs. Colegrove was a sister of Mrs. Clark, of Long Meadow addition, Seabrook, who died Tuesday, Feb. 3.

Mrs. Colegrove was at the Clark home nursing the family, all being ill, when the father passed away. A week ago Thursday Mrs. Colegrove was taken ill with influenza and several days ago developed pneumonia. Her son William developed pneumonia Saturday. Ora Clark, another son, seriously ill with influenza.

John Brandel, who died Wednesday night, of influenza and pneumonia, was held from the home, located on Grant street, with Dr. H. B. Cartwright of Central Institute church in charge.

The house was filled with friends of the deceased, Mr. Brandel being of the city's best known business men. He had been head of the Davis Dry Company for some time.

The funeral services were held at the home of Mrs. Brandel, 1505 Fifth street, at 10 o'clock Saturday evening. The body was held to rest in Greenlawn mausoleum, the last rites being held at the entrance to the last resting place.

Death removed Glenn Hall from the home of Mr. and Mrs. J. J. Hall, 243 Fifth street, just 10 hours after he was born. Death occurred at 7:50 o'clock Saturday evening.

The infant is survived by his parents, two brothers, Alvin and Jacob, and one sister, Cleo.

Burial was made in Greenlawn cemetery, at 9:00 o'clock Monday morning.

Mrs. Herman Spitzer, 65 years old, of 1505 Fifth street, died at her home Saturday evening at 7 o'clock following a protracted illness of asthma. Death came to Mrs. Spitzer at her home 1505 Fifth street.

The deceased was well known throughout the city and had been a resident here for a number of years. Her many friends will learn of her passing away with genuine sorrow.

Mrs. Spitzer is survived by her husband Herman and one son, William A. Spitzer, manager of the Temple Bazaar, who lives at 1735 Fifth street.

The funeral services will be held Tuesday morning from Holy Redeemer church at 8:30 o'clock with Father J. E. McGurk in charge. Burial will be made in Greenlawn.

Mrs. Eliza Jane Chaffin, 72 years old, died Friday at her home, 2115 Vinson street, following a long illness of pneumonia. Death came to Mrs. Chaffin at her home 2115 Vinson street.

Deckhand Drowns

ASHLAND, Feb. 15.—An accident with a tragic ending took place on the river at the coal landing yesterday at the foot of Eighth street, when a young deckhand, known as Gustav Lunk, about 18 years of age, was drowned.

Lunk was hired at Cincinnati to work carrying freight on the up trip of the Chris Green. The boat stopped at the coal landing at the west end of Ashland to lay in a supply sufficient for the round trip.

A lot of the coal was piled on the outside of the deck nearest the river. The boy had left his coat lying on the coal pile and when the crew had finished loading he walked over the pile to get the garment.

A lump of coal turned under his foot and he fell and rolled off the guards into the river. The other men heard him call and a rope was thrown which struck him on the shoulders but he was unable to catch it and drowned.

A jump of coal turned under his foot and he fell and rolled off the guards into the river. The other men heard him call and a rope was thrown which struck him on the shoulders but he was unable to catch it and drowned.

Mrs. Mary Klingman
A message received last night conveyed to local relatives news of the death at her home in Chicago of Mrs. Mary Klingman, formerly of this city.

The telegram did not state the cause of her demise and the news was a shock to relatives here as they had not been advised that she was even sick.

Mrs. Klingman was about 50 years of age and was quite well known in this city, having frequently visited here, the last time about two years ago. Besides her husband
